

## Quarterly Membership Meeting

March 20, 2015

9:00 to 11:00 am

### Introductions

#### Community Health Improvement Planning (CHIP)

Next step is to develop targets for our priority indicators. What is possible? What do we choose to focus on? Will have input by next month.

#### Current Issue

*Status of NH State budget negotiations.* Includes deep cuts to programs such as senior meals, ServiceLink, etc.

- Group felt need to advocate for these programs. Alice to solicit input from members to measure impact of potential cuts, request stories, and send to members. Include list of local Representatives and Senators. The vote is next Wednesday so we need to move quickly.

#### Asset Mapping Activity

In preparation for CHIP work, Alice asked members to brainstorm local/regional resources to address each of our priority areas. These lists will be compiled and used to measure awareness of what is available and identify gaps.

#### Substance Misuse Continuum of Care Education

Aita and Greg shared information about the Continuum of Care to ensure member understanding of the breadth of services needed to create a recovery-oriented system of care.

#### Funding Opportunities

*Entrepreneurs Foundation of NH:* Shared information about potential source of investment for innovative ideas from regional non-profits. Alice to share contact information with several members.

*Hanover Rotary Auction Partner:* Opportunity to raise as much as \$30,000 as a partner with Hanover Rotary Club. Requires sharing in the work to prepare for the event. Share information with members.

#### General Comments

With e-newsletter, put "Public Health Council News" in subject line.
