

2ND Biennial School Summit

Unite for Our Children: Superintendents, Schools,
and Community Agencies

October 4, 2018

Lebanon School District Office
20 Seminary Hill, West Lebanon, NH

Workshop Learning Objectives

Mental Health Care

Facilitator: Shauna Hill, Private Practice

Learning Objectives:

- Increase school personnel understanding of what resources are available in the community to serve students and family members.
- Increase school personnel understanding of how providers can work with schools to meet student needs.
- Increase provider understanding of the ways schools operate relative to meeting student needs and what opportunities there may be for collaboration and/or contracts.
- Discuss strategies available to school personnel to cope with the impacts of mental health issues on students and teachers.

Substance Use Disorders

Facilitator: Angie LeDuc, DFC Community Partnership Coordinator, Dartmouth-Hitchcock
Community Health Improvement

Learning Objectives:

- Become aware of common SUD's affecting families.
- Learn ways to support children of parents with SUD.
- Build awareness of support services and treatment providers/programs.
- Understand substance use prevention for schools/in the classroom.

Supporting Basic Needs

Facilitator: Faye Greason, Director of Supportive Services, Twin Pines Housing

Learning Objectives:

- Increase school personnel understanding of what resources are available in the community to serve students and family members.
- Increase school personnel understanding of how providers can work with schools to meet student needs.
- Increase provider understanding of the ways schools operate relative to meeting student needs and what opportunities there may be for collaboration.
- Discuss strategies available to school personnel to cope with the impacts of poverty and unstable housing on students and teachers.

Working with Child Protection

Facilitator: Justin Robinson, Juvenile Probation and Parole Supervisor, NH Division for Children,
Youth, and Families

Learning Objectives:

- Understand the protocols that DCYF/DCF use to start and follow-up on cases
- Understand the challenges that DCYF/DCF face in responding to reports and get their tips on how to make reports.
