

Greater Upper Valley Integrated Services Team (GUVIST)

Who? GUVIST is comprised of diverse health care & social service organizations who recognize the need for integration to improve service delivery for the community.

Where? In the bi-state Greater Upper Valley of New Hampshire and Vermont. We aim to serve portions of Orange, Windsor, Sullivan and southern Grafton counties.

What? GUVIST facilitates service integration to improve the experience of people who receive services from multiple organizations by helping service providers operate *interdependently by design*.

Service Integration by Design

Why? For services and support for community members of all ages to be efficient, effective, responsive and appropriate to the desires of those in need, where and when they are needed.

How? GUVIST provides space to incubate solutions and cultivate service delivery networks which move beyond collaboration to *integration of leadership, decision-making, operations, and responsibility*. It is an opportunity to learn an integration process and disrupt the status quo with facilitation by an Integration Catalyst, leadership of an Executive Council (EC), and inclusion of community voice to help us understand and incorporate the lived experience. The EC aims to represent all populations across diverse sectors in the Greater Upper Valley.
