

Greater Upper Valley Integrated Services Team

NORTH STAR: To ensure everyone in our communities is safe, supported and healthy in mind, body and environment.

PURPOSE: To move beyond collaboration to integration of leadership, decision-making, and responsibility in health and human services so we provide supports and services that are responsive and appropriate to the desires of those in need, where and when they are needed

Date: 6/1/2023

Time: 9:00am -10:30am

Attendees: Mark Boutwell, Cara Baskin, Courtney McKaig, Rudy Fedrizzi, Andra Daunhauer, Ken Hammond, Lyrica Stelle, Holly Gaspar, Pat Ralston, Katja Evans, Sandeep Krishna Reddy, Pam Dube, Anna Hubbard, Sydney Sprague

Topic	Time	Lead	Minutes
Welcome & Review Agenda	5 mins	Cara	
Mindfulness Exercise	10 mins	Andra	
Introductions	10 mins	Cara	
Early Childhood Service Delivery Integration (ECSDI) Network update - Family Level Network Analysis Presentation	15 mins	Cara intro./Courtney McKaig	Thank you Courtney! 3 network analyses led us to the formation of ECSDI and this data. One evaluating collaboration at the GUVIST level, one specific to early childhood sector, and one at the family level. ECSDI is currently sharing data from the latter with home organizations to cultivate the ground for future action. The data answer two research questions: 1. What influences an individual's perception of the quality of support services? How do individuals perceive the quality of coordination and connectedness within their personal social service support network? 2. What types of services do participants access? Of what size, composition, structure are family-level social service support networks?
Group brainstorm on ECSDI integration	20 mins	Cara/All	A lot of good ideas came out of this brainstorm. It could be helpful for other networks to come up with a comprehensive list of integration ideas, their challenges, and determine bite size pieces to conquer. We can change process with several approaches- could be at the level of training, pooling funds, or working long-term on payment structures.

Topic	Time	Lead	Minutes
			<p>GUVIST is an opportunity to hold a mirror to the system and challenge assumptions about how we think it operates, letting us change the status quo. This communication between orgs is important.</p>
<p>New Oral Health Proposal for Change</p> <ul style="list-style-type: none"> - Introducing an integration idea - Feedback on Proposal form - Group discussion 	25 mins	Lyrica/All	<p>Thank you Lyrica!</p> <p>She learned that filling out the form collaboratively is the best approach. It's easier to get the right people at the table first and then answer the questions together.</p> <p>Group discussion on oral health highlights the need for dental and medical care integration, which includes building relationships and awareness of services, collecting and sharing data, and education/training around expanding scope of dental hygienists.</p> <p>Will point out proposals aren't intended to be fully cooked ideas. The Executive Council is tasked with thinking with you about scope and strategy around proposals.</p>
<p>Next Steps</p> <ul style="list-style-type: none"> - GUVIST Meeting 7/6 - Integration presentation on Seniors - Process for submitting proposals 	5 min.	Cara	<p>There is a need for GUVIST orgs to learn more about what each other does. This could happen live at a meeting, but Cara is also tasked with creating an internet presence for GUVIST on PHC website, which could include more info. on participating orgs.</p>
