Presentation on GUVIST's first official Proposal for Change-Strengthening Families Network (SFN)	15 min	Becky Parton	<p>We are excited to announce the approval of our first Proposal for Change. While ECSDI- our early childhood network- is still active, this proposal is pioneering our new process.</p> <p>Becky and Sara gave us an overview of the problem and vision for the Strengthening Families Network (SFN).</p> <p>The ultimate goal is to increase social connectedness for families through improved coordination of Circle of Security and playgroups. This might include a central system to collect info for planning, a website for families to more easily access information, and shared responsibility/accountability and personnel across orgs to coordinate in a sustainable way.</p>
Group Discussion on SFN Proposal	40 min	All	Group shared experiences with coordinating between orgs in their sectors.
Updated Proposal for Change Form	10 min	Cara	<p>Becky and Sara gave advice on filling out a proposal:</p> <ul style="list-style-type: none"> -Took about an hour -Great to have a group of 4-5 at the outset (can build network from there and think about who is missing) -Diversity of levels of engagement (i.e. leadership, management, direct service, administrative) are helpful to get multiple opinions/perspectives on the issue

			<p>-Form itself will help you determine what you are asking of GUVIST</p> <p>Cara will create a “how to” for the form to capture these thoughts</p> <p>Thanks for sticking with us as we iterate. Major changes in version 2:</p> <ul style="list-style-type: none"> -encourage the use of plain language that someone in another sector could understand as Executive Council is diverse and it's good practice in clearly describing the problem -questions lend themselves to narratives, like giving an example of what integration would look like for the system and a community member -use of data to describe the problem- less so to know every possible source of data -understanding current relationships between orgs so we know <i>how</i> people are working together rather than just <i>if</i> they are -encourage boldness- what is a radical change you'd like to see to the system?
<p>GUVIST Website Debut https://uvpublichealth.org/guvist/ or www.guvist.org</p>	10 min	Cara	<p>Our website has launched! It is housed on the PHC website under Partners, but can also be accessed from guvist.org or googling GUVIST.</p> <p>This site can be shared with colleagues who want to learn more about who we are and what we’re working on. It includes all forms, including a GUVIST one-pager pdf for easy sharing, and will be updated often.</p>
<p>Next GUVIST Meeting: November 2nd, 9-10:30am</p>
