The Problem and Opportunity

How would you describe the current state of service delivery?

What quantitative or qualitative data tells us there is a problem?

Why has the current system not solved this problem?

Who are you already working with on this issue? Are they aware of the proposal?

How do you currently work together (i.e. administratively, financially, staffing, communication)?

Who else should be included?

Do you know of any organizations who are not open to change?

Integration Plan

What is a radical change to the system that would meet the need?

Describe a service delivery experience as you would like to see it happen. What would integration look like for the *system* and for a *community member*?

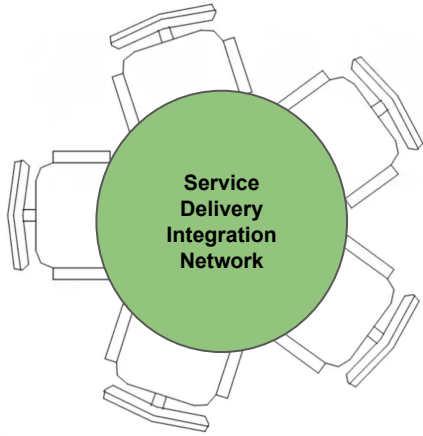

How have you engaged those with lived experience and how do you plan to?

Organizations Committed to Change
